**MINUTES OF THE SELECTMEN'S MEETING**  
**Wednesday January 4<sup>th</sup> 2017**  
**Plainfield Library**

11  
12  
13  
14  
15  
16  
17  
18  
19

Selectmen present: Ron Eberhardt  
Robert Taylor

20  
21  
22  
23

The meeting opened at 6pm. This being the first meeting of the new quarter it was held at the Plainfield Library.

24  
25  
26  
27  
28  
29  
30  
31  
32  
33  
34  
35  
36

**Fire Department Discussions:** Members of both the Plainfield and Meriden Fire Departments attended the meeting to continue discussions about the merger of the two departments into a single municipal department. The group asked that the town meeting vote on this proposal be delayed for at least one year. The statute requires the new department to begin operations one year after the date of the vote. Neither department feels they are far enough along in the process to be ready twelve months from March to make the change. The Selectboard continued to pledge their full support to both fire departments with any desired organizational change. Selectman Taylor volunteered to be part of the transition study committee. The Selectboard thanked both departments for their service.

37  
38  
39  
40

Ken Goodrow asked that the minutes reflect the fire department's deep appreciation to all Plainfield residents who contributed to the ladder truck purchase. More than \$18,000 has come in to defray the cost of the replacement truck.

41  
42  
43  
44  
45  
46  
47  
48  
49

**Fire Chief Report:** Chief Currier gave a brief overview of the departments busy last two weeks. The structure fire that destroyed the KUA Penniman Cottage on Route 120 was likely caused by improper disposal of wood ashes. The removal of batteries from smoke detectors in the residence likely slowed the department's response. Thankfully all the residents made it out of the structure safely.

50  
51  
52  
53  
54  
55  
56

Both departments assisted the City of Lebanon with the Baptist Church Fire on Route 120 near the Post Office.

57

**Public Comments:** Bonnie Allard asked that the record show her deep disappointment for the decisions that resulted in the Plainfield Library Trustees eliminating the position of special collections librarian, held by longtime Library Director Nancy Norwalk. Nancy vacated the director position in late June and moved to the now eliminated position.

58  
59  
60  
61

Clint Swift asked that the Selectmen reconsider their position on meeting in Plainfield Village once per quarter. He feels splitting the meetings evenly between the two villages would be a better approach.

62  
63  
64  
65  
66  
67  
68  
69  
70  
71  
72

**Police Department:** Chief Roberts informed the Selectboard that he has sent the previously unmarked police cruiser down to MHQ for markings. It will be back later this week and will look very much the same as the marked car. Taking delivery of the unmarked one, put the vehicle into service quickly, but now that the department is back to full staff and has three vehicles having the marking work done makes good sense. Paul took the opportunity to discuss with the Selectboard the idea of replacing the one remaining Crown Victoria cruiser with either a truck or SUV. The Crown Victoria has over \$90,000 miles and is unlikely to make three more years. Having three identical cruisers all replaced every five years would be, in the Chief's view, the most beneficial to the Police Department. The finance committee members present (Sutherland, Atwater, and Grobe) agreed to take this up at their next meeting.

73  
74  
75  
76  
77  
78

**Budget and Warrant:** The Selectmen spent the rest of the meeting on their budget and warrant for town meeting. As a result of these discussions the board decided not to pursue any changes to the solar exemption adopted at the 2003 Town Meeting. This being the case the exempted value will remain capped at \$50,000. Value over \$50,000 will be taxed. The \$50,000 cap easily exempts all residential systems in town and the vast majority of most business systems.

79  
80

As requested the municipal fire department article was struck from the draft warrant.

21  
22  
23  
24  
25

**Other Business:** The Selectboard voted to accept the year end financial reservations made by Town Administrator Halleran, see below:

Account:

1-4210-711	Police Cruiser	\$7,000
1-4312-741	Highway equipment repairs in progress	\$8,000
1-4550-900	Plainfield Library addition, door replacement	\$4,000
1-4194-520	Town Hall Window Restoration, in progress	\$7,000

In total \$26,000 from unreserved fund balance will be earmarked for these in progress projects.

The meeting adjourned at 8:30pm

Stephen Halleran

Ron Eberhardt, Chair

Robert Taylor

1                                 **MINUTES OF THE SELECTMEN'S MEETING**  
2   **Wednesday January 18th 2017**  
3   **Meriden Town Hall**

4  
5    Selectmen present:            Ron Eberhardt, Chair  
6   Judy Belyea  
7   Robert Taylor  
8

9  
10   The meeting opened at 6pm.

11  
12   **Public Comment:** Clint and Bonnie Swift provided the Selectboard copies of letters that were distributed  
13    at the recent public hearing where the Library Trustees were asked to reconsider their December 2<sup>nd</sup>  
14    decision to not have a part-time position at the library that focused on special collections.  
15

16   **Town Office:** The Selectboard reviewed, edited and approved a report for the annual report. Ron Eberhardt  
17    was thanked for his efforts at pulling the report together.  
18

19    Steve Halleran shared a request by the Mt Ascutney Sub Committee for the River’s Commission asking  
20    that the Selectboard place an article on the warrant encouraging the establishment of a mitigation fund by  
21    TransCanada or its assigns, to assist with riverbank erosion down stream of the hydro plants on the  
22    Connecticut River. Halleran who has represented the town on this committee in the past does not feel that  
23    normal operations at the Wilder dam have resulted in significant erosion along Plainfield’s river bank.  
24    Major storms like Irene have likely resulted in more damage. Ron Eberhardt agreed to look into the matter  
25    and report back at a subsequent meeting.  
26

27   **Police Report:** Chief Roberts reported on several complex cases involving sexual misconduct that the  
28    department is trying to sort out. Paul noted that these cases consume a lot of time and often are difficult to  
29    prosecute.  
30

31    The previously unmarked police cruiser is now marked and back in service.

32  
33   **Highway Report:** Halleran reported that the replacement grader motor repair is now fully in the works and  
34    the grader will be ready for spring work. While disappointed that the grader developed a motor problem,  
35    Road Agent Collins remains confident that the investment in the replacement grader will prove to be sound.  
36    The grader is intended to be in service for the town for the next 5-10 years.  
37

38   **Budget Hearing:** The Selectmen held their first budget hearing, see attached. Members of the town’s  
39    Finance Committee (Sutherland, Morgan, Atwater, Grobe), Clint and Bonnie Swift and Richard Atkinson  
40    were in attendance. The proposed budget calls for \$42,000 in new taxes a tax rate increase of \$.16. The  
41    only position changes in the budget involve a full year of the part time facility manager and the  
42    consolidation of the library director position. The town’s workers compensation claim experience and  
43    rising health care costs both contribute significantly to the increase. Halleran noted that as the person  
44    responsible for developing the budget, once the Selectboard establishes the goals and objectives, he would  
45    be uncomfortable making any significant cuts to the proposal without the Selectboard making specific  
46    program changes.  
47

48    Halleran noted that non tax revenues were strong in 2016 making it likely that the town will be able to  
49    show some growth in the unassigned fund balance. The final resolution of the Brown property remains an  
50    open issue.  
51

1 The Selectboard will hold a second budget hearing on February 1<sup>st</sup> at the Plainfield Library. The budget  
2 will remain open to change right up until the vote at town meeting.

3

4 The meeting adjourned at 8:30pm.

16

MINUTES OF THE SELECTMEN'S MEETING  
 Wednesday February 1st 2017  
 Plainfield Library

Selectmen present:        Ron Eberhardt, Chair  
                                       Judy Belyea  
                                       Robert Taylor

The meeting opened at 6pm.

Chairman Eberhardt asked for public comment. There being none, he moved forward with the planned business for the evening. In follow up to the January 17<sup>th</sup> public hearing that was held by the Library Trustees at the request of former Director Nancy Norwalk, the Board of Selectmen has met with Town counsel Barry Schuster. The result of that meeting is the following motion: Moved, that after careful and thoughtful deliberation, the Selectboard has unanimously decided to support the actions of the Library Trustees with regard to the agreement with Nancy Norwalk. It is our belief that the Trustees have expended a great deal of effort to achieve a fair solution, and it is our opinion that the results of the mediation reflect that. The motion was seconded by Belyea and voted in the affirmative 3-0.

**2017 Warrant:** The Selectboard reviewed the draft warrant, approving its layout and order. Halleran noted that after further inquiry he is comfortable as the town's appointed representative to the Mt. Ascutney Subcommittee in requesting that the Selectboard place an article on the warrant sending a message to the Wilder dam ownership to consider the creation of a bank erosion mitigation fund. This being the case, the Selectboard approved the request by the sub committee. Halleran will present the article at Town Meeting. The warrant will be signed on February 15<sup>th</sup> and will include any petitioned articles received between now and February 7<sup>th</sup>.

**Highway Report:** Halleran reported for Road Agent Collins. Department activities have, as is typical for this time of the year, centered on treating the roads for snow and ice and repairing and rebuilding equipment in anticipation of next summer's work. To date the Department has utilized about half of its sand stockpile and a little more than half of its road salt allotment.

**Police Report:** Chief Roberts provided an update on his department's activities over the last week. Several fraud cases and one domestic violence case have consumed a lot of their investigative hours.

Responding to inquiries from last meeting by the Finance Committee the Chief indicated that the goals and objectives for his department to provide full time 24hr a day police protection, in his mind justifies their total compensation, including pay and having a take home police vehicle. There are 21 shifts per week for which we can fill 17 with normal work hours (full and part-time) the remaining 4 required extra work the officers.

**Budget hearing:** As has become customary, the Selectboard held a second budget hearing, this one in Plainfield Village. Halleran kicked off the hearing with a discussion about the directed levels of service established by the Board of Selectmen that he and the rest of the town's administrative team are charged with budgeting for. See attached. The proposed budget calls for \$42,000 in new taxes a tax rate increase of \$.16. The only position changes in the budget involve a full year of the part time facility manager and the

1 consolidation of the library director position. The town's workers compensation claim experience and  
2 rising health care costs both contribute significantly to the increase. The hearing was closed at 7:35pm.  
3

4

5

The meeting adjourned at 7:40pm.

                                  Robert Taylor

16  
17  
18  
19  
20  
21

The meeting opened at 6pm.

22  
23  
24  
25  
26

Gary Chilton and Robert Drye of Cornish Rescue met with the Selectboard to introduce Gary as the new president of the organization. Gary encouraged the Selectmen to contact him with any issues and concerns about the squad. Likewise, Gary asked that the squad be kept informed about any possible changes to Plainfield's ambulance contracts or dispatch service.

27  
28  
29  
30  
31  
32

**Highway Department:** Road Agent Collins took a break from the endless snow plowing to meet with the Selectboard. The grader is now back in service and ready for spring work. The new highway closed drain system was serviced for the first time yesterday. Stearns Septic emptied the tank, taking the effluent to a waste water treatment facility.

33  
34  
35  
36  
37

Halleran and Collins updated the Selectboard on preliminary plans to repair or replace the Camp Road Bridge. The bridge was red listed by the NHDOT during the last bridge inspection. The two are looking at both replacement as well as rehabilitation options. In all cases, abutment work is going to be necessary, therefore work on a wetland permit for the structure has begun.

50  
51  
52  
53  
54

**Barrington Power Solar Array Plainfield Elementary School:** The Selectmen began their review of the recently (2/14) received request by Barrington Power to substitute property taxes for a Payment in Lieu of Taxes (PILOT) as allowed by RSA 72:74. Rather than pay taxes the company is proposing that the town received 5% of the expected revenues or about \$1,400 per year. If fully taxed the array might pay as much as \$6,000 per year in taxes. Plainfield currently offers a tax exemption on solar up to \$50,000 in value. Barrington Power has indicated that if property taxes are a must, the project is not economically viable. In this case the town will also save about \$1,500 a year on the PES electric bill. If the school should in the future purchase the array (in five years once the tax credits expire) the revenue from the array would return something like \$25,000 per year going forward. If the array does not get built, these funds would of course not come to the school district in the future.

55  
56

The Selectmen directed Halleran to schedule the required hearing on the PILOT request for their next meeting, March 1<sup>st</sup>. Halleran will try to get a school board member and folks from Barrington Power to attend as well.

2017 Warrant and Budget: The Selectmen signed the 2017 warrant and budget forms for posting.

The Board of Selectmen voted 3 to 0 to unseal their June 3<sup>rd</sup> 2015 minutes making them part of the public record. Taylor moved the matter, Belyea seconded. Eberhardt yes, Belyea yes, Taylor yes.

Chairman Eberhardt asked that the Board take up the matter of alternating board meetings between Plainfield and Meriden Villages. This was in follow up to a request by Clint Swift. Selectman Taylor noted that the community has selected a location for the town offices and except as already agreed the board should meet at that location. Reacting to a prior request by Clint Swift the Selectboard has already agreed to meet the first meeting of each quarter in Plainfield Village, in addition one budget hearing is held each year in Plainfield. Withstanding special projects five meetings a year are held in Plainfield now.

Selectwoman Judy Belyea added that Meriden is in the geographic center of Plainfield making it a good location for town government.

1  
2  
3  
4

7  
8  
9  
10  
11  
12  
13  
14  
15  
16

Chairman Eberhardt felt the idea had merit and he was in favor of alternating the meetings.  
Judy moved to keep the Selectboard meeting schedule and locations unchanged. Taylor seconded and the motion was approved on a vote of 2 to 1, Eberhardt against.

The meeting adjourned at 8:15pm.

Ron Eberhardt, Chair

Stephen Halleran

Judy Belyea

Robert Taylor

1  
2  
3 **MINUTES OF THE SELECTMEN'S MEETING**  
4 **Wednesday March 1st 2017**  
5 **Meriden Town Hall**

6 Selectmen present: Ron Eberhardt, Chair  
7 Judy Belyea  
8 Robert Taylor  
9

10  
11 The meeting opened at 6pm.  
12

13 **Plainfield Energy Committee:** Co Chair Steve Ladd attended the meeting with several other members of  
14 the committee to seek Board of Selectmen support for the Ready 100 initiative. The effort involves  
15 committing to trying, as a community, to reach 100% use of renewable energy for electricity by 2030 and  
16 renewable for all energy usage by 2050. There are no regulatory teeth in the program, but a lot of  
17 educational work will be done to achieve the goal. Hanover will have this item on their town meeting this  
18 May. Plainfield's energy committee would like to have an article on the 2018 town warrant for the effort.  
19 The Selectboard gave their broad support for the program. Chairman Eberhardt indicated that the board  
20 would have to wait until a draft of the warrant article was available before commenting on the specifics.  
21

22 **Highway Department:** The Selectboard unanimously endorsed hiring retired Hanover Public Works  
23 Foreman Thomas Bircher to work for the Highway Department. Road Agent Collins and Town  
24 Administrator Halleran feel that Tom's road grading skill will be an asset to the department. Halleran feels  
25 that Richard should focus his time on the Road Agent function. Asking him to be the town's Road Agent,  
26 Mechanic and Grader operating is too much. Bircher will work three to four days a week, mid April to  
27 early November. Road grading will be his primary function.  
28

29 **Town Office:** The Selectmen received their town meeting preparatory materials. The annual report is now  
30 out and has been mailed to residents. The document is also posted on the town's website.  
31

32 **Barrington Power:** The Selectmen held the required RSA 72:74 public hearing on the request by  
33 Barrington Power to use a payment in lieu of taxes for the planned 137 Kw solar array at the school rather  
34 than be subject to property taxes. Chairman Eberhardt, in opening the hearing, cautioned the group that this  
35 discussion was about the PILOT issue not whether or not the array was compatible with the school or a  
36 good use of the hayfield. Dave Russell of Barrington power explained that to keep the project  
37 economically viable a PILOT of 5% of revenues from the array is proposed. The payment should equate to  
38 about \$1,400/year. If the array were taxed a bill of \$6,000 or more would result. The most likely scenario  
39 for the array is that once the investors had exhausted the Federal tax credits, the school district would  
40 purchase the system at a discounted price, receiving essential free electric power (\$26,000 year) for the ten  
41 years after the array was paid in full.  
42

43 The Plainfield School Board has not yet voted to accept the project and the project must go through the  
44 town's land use process, both ZBA and Planning.  
45

46 Comments from the public centered on full support for the array. Members of the Energy Committee noted  
47 that this project was exactly in line with the Ready 100 program. Others expressed concern that tax dollars  
48 should not be fore given and that the project should not be given special treatment. The school is a public  
49 asset that was developed for a specific purpose. It was noted that a vote at the school district meeting two  
50 years ago approved the concept as long as it did not cost the district any money. There also was broad  
51 support for doing all that can be done to minimize the impact that the array might have on the open space  
52 around the school.

1  
2  
3  
4  
5  
6  
7  
8  
9  
10  
11  
12  
13  
14  
15

The Selectmen have sought input from Town Assessor, who noted that PILOTs for renewable energy projects are fairly common. The public hearing was closed and the Selectmen indicated that a decision would be forthcoming in the next couple of weeks.

The meeting adjourned at 8:15pm.

Ron Eberhardt, Chair

Stephen Halleran

Judy Belyea

Robert Taylor

1 **MINUTES OF THE SELECTMEN'S MEETING**  
2 **Wednesday March 15th 2017**  
3 **Meriden Town Hall**  
4

5 Selectmen present: Ron Eberhardt, Chair  
6 Judy Belyea  
7 Robert Taylor  
8  
9

10 The meeting opened at 6pm. Chairman Eberhardt was congratulated on his reelection to the Board.  
11 Beginning in April, Robert Taylor will serve as Chairman for the next year.  
12

13 Chairman Eberhardt opened the meeting by asking for public comment. There being none, he moved on to  
14 the first item on the agenda.  
15

16 **PILOT Request Barrington Power:** Following up from last meeting, Board members voted to accept, as  
17 allowed by RSA 72:74, a payment in lieu of taxes (PILOT) for a five year period from Barrington Power  
18 for the proposed solar array at the Plainfield Elementary School. However, the Board felt a PILOT of 5%  
19 of generated revenues estimated to be \$1,500 was insufficient. The approved PILOT is to be 10% of  
20 generated revenues, but in no case less than \$3,000/year. In approving this PILOT the Selectboard noted  
21 some of the unique characteristics of this array that warrant forgiving of property taxes. Mainly, that the  
22 array, if built, will more likely than not be purchased by the School District and has the potential once paid  
23 for to save the town far more than the lost tax revenues. Initially, the saving to the school district is only  
24 about \$1,500/year. If district owned and paid for, the array could save the town the full cost of electricity  
25 each year at the school, currently \$26,000, for more than a decade.  
26

27 The Selectboard remains concerned about the configuration of the array and its impact to the aesthetics of  
28 the school campus. These concerns will be expressed to the school board in a letter.  
29

30 **Police Report:** Chief Roberts updated the Board on an investigation the department is conducting  
31 regarding a stray bullet striking a home on Croydon Turnpike. No one was hurt and damage was limited to  
32 a broken piece of siding. The bullet seems to have originated from a small specialty ammunition  
33 manufacturing facility at 168 Croydon Turnpike. Paul has not yet determined whether criminal charges  
34 will be brought against the owner. A quick check of the businesses website revealed that each batch of  
35 ammunition is tested for quality and accuracy. Halleran will immediately inform the owner that the  
36 homemade outdoor firing range, as configured, cannot be used. As previously discussed with the owner, all  
37 business related testing must be done at an approved off site range. Zoning Board approval would be  
38 required for any employees and onsite testing of ammunition. The Home Occupation designation limits the  
39 owner to inside work related to the crafting of the specialty ammunition.  
40

41 **Other Business:** The Selectboard rejected a request by the Friends of the Plainfield Library to store used  
42 books at the Plainfield Town Hall. If desired, space can be used at the Gravel Pit Annex building on a  
43 temporary basis.  
44

45 **Town Meeting Preparation:** The remainder of the meeting was spent preparing for Saturday's business  
46 portion of Town Meeting.  
47

48 The meeting adjourned at 8:00pm  
49

50 Ron Eberhardt, Chair

4 **Plainfield Library**  
5

6 Selectmen present: Robert Taylor  
7 Judy Belyea  
8 Ron Eberhardt  
9

10 The meeting opened at 6pm.  
11  
12

13 **Public Comment Period:** Lee and Evan Oxenham along with David and Sue Taylor met briefly with the  
14 Selectboard to discuss the town's policies on immigration. The group met previously with Police Chief  
15 Roberts and found his policies to be in line with their views on this national issue. The police department  
16 does not unnecessarily depend emigration documents as part of routine investigations, however, if Federal  
17 assistance is sought to locate someone with emigration issues that may be in Plainfield, our Police  
18 Department will assist them locate the person. A follow up meeting with Chief Roberts is planned for two  
19 weeks and might be scheduled so as to be part of the next Selectboard meeting.  
20

21 Paul and Amy Franklin met with the Selectboard to encourage the town to keep a close eye on the former  
22 Berwick Property now owned by the 360LLC. The new property owners have a record of noncompliance  
23 with their state permits on this brown field site and the Franklin family is concerned that they will avoid the  
24 town's land use approval process unless forced to participate. The Selectboard acknowledged their  
25 concerns and assured the Franklins that a file is being developed and kept on the property for future use.  
26 The town has had multiple communications with the owners about what is permissible and what is not  
27 permissible on the property without some additional land use approvals.  
28

29 Fire Chief Currier updated the Selectboard on Fire Department activity over the last month. The department  
30 was able to take advantage of a valuable training opportunity by participating in a "live burn" of a house  
31 located at 432 Stage Rd. The existing house was to be razed; burning the building was a great way to train  
32 the younger fireman on the fire fighting craft.  
33

34 **Road Agent Report:** The group did some planning work on prioritizing bridge work. Halleran was  
35 instructed to pursue state bridge aid program for the painting of the beams under the Meriden Covered  
36 Bridge. The town will pursue replacing the Camp Road Bridge first, followed by the Ladieu Road Bridge.  
37 Selectman Taylor encouraged Halleran and Collins to talk with Jim Taylor in Enfield about a recent bridge  
38 project their. They had a very positive experience with a Springfield NH bridge company.  
39

40 **Facility Manager:** Brad Atwater met with the Selectmen to discuss options for repairs at the Plainfield  
41 Town Hall. The building has some long-term structural problems that can be improved upon and repaired,  
42 but solving them while desirable, could be very expensive. There was general agreement that repairs to the  
43 foundation, improvements to the grades and structure should be made so as to extend the life of the  
44 building. However, there are no plans for a large scale project that would replace or reconfigure the entire  
45 foundation of the building.  
46

47 **Town Administrator:** The Board certified the actions/reports from town meeting that will be forwarded to  
48 the DRA for fall tax rate setting.  
49

50 Steve Halleran updated the Selectboard on employee evaluations that are being conducted at this time.  
51 Once these evaluations are complete, the Selectboard will evaluate the Town Administrator.  
52

53 The Board reviewed the Federal Court decision which added \$4,000 to the town's disbursement from the  
54 sale of the Brown property on Center of Town Road. The town had hoped for much more. Attorney Barry  
55 Schuster is looking for guidance from the Selectboard on whether to proceed with a second appeal. Barry

1 has cautioned that the odds of success are not, in his view, in the town's favor the further up the Federal  
2 Court ladder we go. The Selectboard agreed to end the appeal and accept the reimbursement.

3  
4 The Board viewed a web based GIS mapping service that is under consideration for after the 2018  
5 revaluation. The service would allow for the digital use of the town's tax mapping data that was developed  
6 some years ago, funded by the Conservation Commission. The data is maintained annual but the town has  
7 no way to effectively use the data other than looking at the paper or pdf versions of the maps. This new  
8 service would allow the maps to be linked to the town's assessing data and other attributes and could be  
9 accessed from any web connected device.

10  
11 The meeting adjourned at 8:15pm.

12  
13 Robert Taylor, Chair

19 Ron Eberhardt

20  
21  
22

1 Halleran updated the board on the 2017 budget. While more expensive than the previous winter, with the  
2 worst of the season behind us now, the current year budget is on track, with 67% of the year left 70% of the  
3 overall operating budget remains in place.

4

5 The meeting adjourned at 8:15pm.

Judy Belyea  
Ron Eberhardt

21  
22  
23  
24

The meeting opened at 6pm.

25  
26  
27  
28  
29  
30  
31  
32  
33

**Trails Discussion:** Recreation Department Trail Director Bill Knight met with the Selectboard to discuss summer plans for the town's trail system. The Townsend Bridge deck is soon to be replaced. The new decking is a gift from the Upper Valley Mountain Bike club. The new deck will be marine grade pressure treated wood. Bill is hoping to purchase a 2009 Alphina Sherpa groomer to act as a back up to our existing Alphina. The machine will be funded from private donations. The Selectboard will, at their next meeting, hold the required public hearing to use the private funds. The machine has a value of \$15,000; the town has \$12,000 in donations. The other \$3,000 is being raised privately at this time. The first groomer, the tracked machine will be sold to make room for the new/used one.

34  
35  
36  
37  
38

The Selectmen did not object to Bill trying to obtain a state grant for some additional equipment for the trail work. To date no public funds have been used to support the trails or the purchase/upkeep of equipment.

39  
40  
41  
42  
43  
44  
45  
46

The possibility of developing a mountain bike trail on town land adjacent to the existing trail network is under consideration. The trail would be designed and encouraged for mountain bike use. However, there would be no restrictions against hikers using the new trail. The hope is to give the bikers a loop where they could ride more technically.

47  
48  
49  
50  
51  
52  
53  
54

**Highway Discussion:** Road Agent Collins reported that gravel crushing has commenced. This year 3,500 yards of gravel will be processed. As in the past supplemental stone will be added to try and improve the quality of the gravel.

Rich noted that his new part time hire, equipment operator Thomas Bircher, is working out well. Tom is a retired Hanover Public Work foreman who has more than 35 years of equipment operating experience. Specifically Rich, with the full support of the Selectboard, has hired Tom to be the town's grader operator. Tom will work 32 hours per week, April-Nov.

Road Agent Collins met with the Selectboard and consultant Jeff Allbright to discuss summer highway work plans. On the recommendation of Road Agent Collins, the Board accepted the idea of repairing the Camp Road bridge abutments this summer and installing the new deck next spring. The deck will likely be a pre-stressed concrete structure. Pike Industries was selected for paving work on Thrasher Road, Methodist Hill and some patch work on Willow Brook Road. At the conclusion of the discussion, Road Agent Collins and Consultant Allbright went to look at some repair work for the Willow Brook Road pavement.

**Immigration Discussion:** To complete their review of town policies related to immigration Lee Oxenham, Sue Taylor and David Taylor met with Chief Robert and the Selectboard. The group thanked Paul for all his time and feels comfortable with how Plainfield law enforcement is handling immigration related issues. See draft policy.

**Town Administrator:** Halleran noted that preparations for first half tax billing are fully underway, George Hildum should be completed with his update work my mid May.

1 Halleran will be attending a NH Labor Department employment seminar in Claremont tomorrow. The NH  
2 Labor Department has now completed its inspections of town facilities. All previously noted items have  
3 been addressed. The next inspection will be in five or more years.

4

5 The meeting adjourned at 8:30pm

19

1 **MINUTES OF THE SELECTMEN'S MEETING**  
2 **Wednesday June 7th 2017**  
3 **Meriden Town Hall**  
4

5 Selectmen present: Robert Taylor  
6 Judy Belyea  
7

8 The meeting opened at 6pm.  
9

10 **Frank Currier:** Plainfield Fire Chief and Fire Warden Frank Currier met with the Selectboard. He is  
11 retiring effective June 30<sup>th</sup>, after 43 years with the town's fire departments. William Taylor has been  
12 elected by both departments to serve as the new Chief. Frank was here tonight to ask the Selectboard to  
13 nominate Bruce Elder as the town's Fire Warden. The state reviews and approves the nomination. The  
14 Board gladly agreed and thanked Frank for his long service to the community.  
15

16 **Police Chief:** Chief Roberts presented a proposal to purchase two replacement radar units using the Police  
17 Equipment Reserve Fund which has a balance of \$21,000 as the funding source. The Selectboard approved  
18 this request. The units are expected to cost about \$2,200/ea.  
19

20 **Highway Department:** After several weeks of research, the Selectboard authorized Steve Halleran and  
21 Richard Collins to move forward with negotiations with Hansen Bridge of Springfield NH for the  
22 replacement of the Camp Road bridge. The design to go with a wooden replacement was driven by the vast  
23 weight difference between this option and a pre-stressed concrete option. The wooden bridge deck will  
24 weigh 26,000lbs, the existing bridge weighs 50,000lbs the concrete option weighs 162,000. Since there is  
25 no engineering record for the abutments but they are useable for the new bridge, the lighter bridge deck  
26 seemed a sound option. The laminated wooden bridge is fully NHDOT compliant will carry HS 25 loads  
27 and will last for 50 years of life. The Selectboard voted in the affirmative that the funds will be withdrawn  
28 from the town's bridge fund. The Selectmen are agents to expend from the fund.  
29

30 **Town Office:** The Selectboard signed the contract with Avitar Associates for the 2018 assessment update.  
31 The statistical update will begin in late fall or winter. The new values will be in place for April 2018.  
32

**MINUTES OF THE SELECTMEN'S MEETING**  
**Wednesday June 21st 2017**  
**Meriden Town Hall**

5 Selectmen present: Robert Taylor  
6 Judy Belyea  
7 Ron Eberhardt  
8

9 The meeting opened at 6pm.

10  
11 The Selectboard reviewed plans for the dedication of the Zea garden at Meriden Town Hall on July 5<sup>th</sup>. To  
12 accommodate this event, the Selectmen will hold their July 19<sup>th</sup> meeting at the Plainfield Library rather  
13 than the July 5<sup>th</sup> (1<sup>st</sup> meeting of the quarter) one.  
14

15 **Police Report:** Chief Roberts reported that a second underage drinking party that also included some  
16 illegal drugs has occurred at a residence in Plainfield Village. Diversion was used for the first party, but  
17 will not be an option for this one. The conduct of the party organizer, which includes attempted escape  
18 from Police custody, has the department planning to ask a judge for enhanced penalties.  
19

20 Paul anticipates that the new Police Cruiser will be ready for delivery by July 1<sup>st</sup>. As discussed at town  
21 meeting this will put the town on a three new cars every four year rotation, the current fleet will be replaced  
22 again in 2021.  
23

24 **Town Office:** The Selectboard reviewed and approved various building permits and correspondence from  
25 the last two weeks.  
26

27 Jim Toher from Casella met with the Selectboard to discuss the town's refuse collection program. The  
28 current contract expires in December. Jim would like to see the program continue with the change that  
29 recycling and trash would be collected on the same day. So on your assigned trash collection day you  
30 would also put out your recycling. Selectman Taylor expressed interest in having the town move to a toter  
31 program for both waste and recycling. Jim agreed, but noted that it might be cost prohibitive as the toters  
32 are very expensive.  
33

34 Halleran indicated that the Finance Committee has asked that the town to consider bidding out the trash  
35 collection. At this time the Selectboard is not inclined to split the program between multiple vendors, one  
36 for trash and one for recycling. At this time no one in the area offers a comparable curbside recycling  
37 service. The board does need to; at least consider taking the program out of the town's service realm.  
38 Plainfield would meet its statutory obligation by having access to trash and recycling at the Lebanon  
39 transfer station. Residents would be responsible for getting the material to the facility on their own. Many  
40 would likely contract with Casella. This would remove approximately \$120,000 from the town's property  
41 tax commitment, a reduction of something like \$.45 on the tax rate or \$113 a year for the mythical  
42 \$250,000 home. The presumption has always been that collectively we save more as a community by  
43 having a town wide system. Lately, the town office has seen a dramatic increase in the sales of Lebanon  
44 landfill coupons suggesting that more and more residents are electing to take their garbage at least directly  
45 to the landfill. So, while perhaps not ideal, the Selectboard has to at least consider whether or not it makes  
46 sense to continue the program.  
47

48 Jim Toher agreed to prepare some proposals for the Selectboard to consider; the longer the board is willing

1 to commit to with Casella the more likely that toters could become part of the program.

2

3 The meeting adjourned at 8:00pm.

27

The meeting opened at 5pm with the dedication of the Zea Garden established in memory of long time Town Clerk Howard Zea. Phil Zea and Connie Zea were in attendance with 30-40 Plainfield residents who turned out for the event. Chairman Robert Taylor, former Selectman and Moderator Stephen Taylor and Phil Zea all make brief remarks. Refreshments were served inside the Meriden Town Hall. The Selectmen were extremely pleased to have Howard's contribution to the community acknowledged. At the time of his retirement Howard make a private request to the Selectmen that the town not hold a retirement event in his honor. The recovery of the Mill stone from below Howard and Connie's home created a unique opportunity to honor someone who made such long lasting contributions to the community.

28  
29  
30  
31  
32  
33

**6:30pm:** State Representative Lee Oxenham met with the Selectboard to discuss an initiative she is involved in to get towns and cities to agree to continue to work to reach climate changes goals despite the Federal Government pulling out of the Paris Accord Climate Agreement. The Selectmen agreed to look closely at her supporting documentation and to have more discussion on the matter at their next meeting.

34  
35  
36  
37  
38

**Highway Report:** Road Agent Richard Collins updated the board on the clean up work from Saturday's rain event. More than 12 million dollars in damage was done to Grafton County in less than one hour. The storm, while heavy in Sullivan, was not nearly that damaging. All Plainfield roads remained open and generally received only minor to moderate wash.

39  
40  
41  
42  
43  
44  
45  
46  
47  
48  
49

**Police Report:** Chief Roberts briefed the Board on all the fourth of July events that took place. The Town was honored to have summer resident Stephen Breyer participate in the celebration by reading the Declaration of Independence on the steps of the Plainfield Town Hall. The event went very well and there were no security issues. The parade was also a grand success. The Board acknowledged the efforts of Elizabeth McNamara and the entire McNamara family to once again organize a wonderful town parade.

**Town Office:** The Selectboard signed the necessary paperwork to finalize the new loan with Mascoma Savings Bank for the town's police cruiser. The loan will finance all three police cruiser and will put all the cars on a four year rotation. The fleet will next be replaced in the summer of 2021 meaning the existing two, purchased last year will have to do a fifth year.

The Selectboard will meet next on July 19<sup>th</sup> at the Plainfield Library.

Robert Taylor, Chair

Stephen Halleran

Judy Belyea

Ron Eberhardt

1 MINUTES OF THE SELECTMEN'S MEETING  
2 Wednesday July 19th 2017  
3 Plainfield Library

4 Selectmen present: Robert Taylor, Chair  
5 Judy Belyea  
6 Ron Eberhardt  
7

8 The meeting opened at 6pm.  
9

10 **Public Comment:** Virginia Drye met with the Selectmen to propose a rededication of the WWI Service  
11 Memorial located in front of the Plainfield Library. The event would take place on November 11<sup>th</sup> 2018 the  
12 one hundredth year anniversary of the end of the war. The Selectboard fully supported the idea and pledged  
13 to work with Virginia to make the event a grand success.  
14

15 **Highway:** Road Agent Collins updated the Selectboard on the department's progress in getting Methodist  
16 Hill Road ready for a pavement overlay. Two culverts have been replaced and the apron on Harriman Road  
17 has been marked out.  
18

19 A project to establish an improved ditch on the east side of Main Street, below MTH, is planned for next  
20 week. Heavy runoff has scoured out the shoulder near the pavement edge.  
21

22 Town Administrator Halleran complimented Richard on the workers compensation safety record for his  
23 department. Highway work related injuries have been very minor in the time Richard has been Road Agent.  
24

25 **Town Office:** The Selectboard signed building permits including the one for the PES solar project. The  
26 necessary Intent to Cut form for the PES solar project was also signed.  
27

28 The Selectmen reviewed the petition provided by Lee Oxenham last meeting where she requested that the  
29 Board adopted a resolution in support of the climate goals established at the Paris Climate Accord. The  
30 petition was signed by over 100 residents. The board agreed to support the resolution, noting that the  
31 action while showing support for efforts to reverse climate change does not commit the town to spending  
32 any money or future Selectboards to any position.  
33

34 The Selectmen approved the MS 535 prepared by Plodzick and Sanderson. The form will be electronically  
35 submitted to the DRA.  
36

37 The Selectboard discussed an e-mail from Bonnie Swift to Chairman Taylor expressing concern about the  
38 posting practices at the Plainfield Town Hall for meetings. Mrs. Swift feels that on several occasions  
39 notices were not posted on the board. Halleran noted that in the case of the July 5<sup>th</sup> Selectboard meeting he  
40 had e-mailed the Swifts the details of the location change and that Clint Swift had attended the Zea garden  
41 dedication at the start of the July 5<sup>th</sup> meeting. The meeting on the 5<sup>th</sup> was scheduled for the Plainfield Town  
42 Hall but was switched to the Meriden Town Hall to accommodate the garden dedication. Halleran  
43 suggested that the posting board at the Meriden Town Hall and the town website be designated as the  
44 official posting spots. The Selectboard was reluctant to eliminate the posting board at the PTH, instead the  
45 Board voted to lock the board as a way of controlling what happens to posted notices. Halleran will have  
46 Brad Atwater modify the bulletin board so that it can be locked with a combination lock.  
47

48 The meeting adjourned at 8pm.  
49

50 Robert Taylor, Chair

51  
52  
53 Stephen Halleran

Judy Belyea

54  
55  
56 Ron Eberhardt

MINUTES OF THE SELECTMEN'S MEETING  
Wednesday August 2nd 2017  
Meriden Town Hall

Selectmen present: Robert Taylor, Chair  
Judy Belyea  
Ron Eberhardt

The meeting opened at 6pm.

**Public Comment:** A resident presented the board with information about one of the town's nontaxable entities that she feels may have an impact on the organizations tax exempt status. The information was obtained from the group's own website and limits the population the organization is willing to serve. The Selectboard directed Halleran to forward this information to town assessor for review and an opinion.

A Route 120 resident met with the Selectboard to request that consideration be given to developing a noise ordinance for the town. A recent party at a neighbor's home was very disruptive to them. Some advance warning about the event would have been appreciated and could have eliminated their call to the police for assistance. The Selectboard will discuss the particular case with the Police Chief. The Board is hesitant to develop a noise regulation, but acknowledges that all people have the right to enjoyment of their property. Noise from one property can certainly have adverse impacts on other property owners.

**Highway:** The department is nearly complete with preparations for paving on Methodist Hill and Harriman Road (intersection apron). Grading and ditching is ongoing. Winter sand is being hauled back to the shop on rainy days.

**Police:** The department has been busy with a high profile case that resulted from a murder for hire attempt. Arrests have been made and the case will be handled going forward by the County Attorney's office which has been heavily involved with the case since it started. State Police also provided valuable assistance to the town. Thankfully, due to the quick action of an informant, no one was injured.

**Town Office:** The Selectmen signed the now adopted climate change resolution and the town's 2016 audit representation level.

The board discussed holding a joint meeting with the school board in late summer to discuss and coordinate major expenditures on the horizon. The town has a need to increase funding for reserve funds. The Meriden Library is in play as well as the Highway garage facility. It will be important to plan for these projects with the coordination of the school board.

The meeting adjourned at 8pm.

Robert Taylor, Chair

Stephen Halleran

Judy Belyea

Ron Eberhardt

1 The Board began its review of the MRI highway study. For this meeting, Steve Halleran and Selectman  
2 Eberhardt recapped an exit interview they participated in with David Hanlon of MRI who did the study. In  
3 a nutshell MRI concurs with the town's highway building study committee that the facility should be  
4 replaced not repaired. MRI also feels that the highway department, as currently configured and equipped, is  
5 well thought out. They do suggested some organizational changes and would prefer to see the crew focus  
6 its efforts more on road maintenance work, not new construction. The report also supports more timely  
7 equipment replacement to reduce down time. The board will perform a detailed review of the report in the  
8 coming months as part of the 2018 budget work.  
9

10 The meeting adjourned at 8:40pm.

11  
12 Robert Taylor, Chair

22

1  
2 **MINUTES OF THE SELECTMEN'S MEETING**  
3 **Wednesday October 4th 2017**  
4 **Plainfield Library**  
5

6 Selectmen present: Robert Taylor  
7 Ron Eberhardt  
8

9 The meeting opened at 7pm at the Plainfield Library.

10  
11 District #1 candidate Brian Sullivan met with the Selectmen to formally introduce himself and to discuss  
12 his various position on local issues. Brian Sullivan and Margaret Drye are both running to fill the house  
13 seat vacated by Andy Schmidt who moved out of district.  
14

15 Margaret Drye met with the Selectboard to see if the Plainfield Town Hall can be rented for political  
16 purposes. The Board of Selectmen agreed that this was fine as long as the building is made available to all  
17 who wish to use it.  
18

19 **Police Report:** The Selectmen spent time working with Chief Roberts on the details of Paul's upcoming  
20 medical leave. Paul will be out of work for one to three months with shoulder surgery. Sgt Matt Foss will  
21 be operationally in charge of the department. He will be checking in regularly with the Chief and will  
22 consult with him on all major issues.  
23

24 **Town Office Report:** In anticipation of the upcoming tax rate setting, the Selectmen agreed to raise no  
25 more than \$50,000 in fund balance. The 2018 tax rate will likely stay the same or even go down this year.  
26 The 2018 rate is currently projected to be \$28.20 down from \$28.35.  
27

28 The Selectboard reviewed and agreed to release the opinion from town attorney regarding a charitable tax  
29 exemption in Plainfield. After reviewing the concerns about the group's website, it is town counsel's  
30 opinion that the language that limits the various groups served by the organization is not such that it  
31 changes the group's tax exempt status. The Selectboard directed Halleran to forward the opinion to the  
32 taxpayer who raised the concern and to the organization.  
33

34 The Selectboard continued its discussions about the handling of PILOTS and Solar array tax exemptions.  
35 No formal decisions were made, but it is likely that the tax exemption for solar will be raised significantly  
36 and that a Payment in Lieu of Taxes (PILOT) rate of \$7 kW will be established.  
37

38 Halleran was asked to contact the School Board about a possible joint meeting. The topics of discussion to  
39 include future capital project planning and the Bonner Road traffic calming study.  
40

41 The Selectmen will meet next on Thursday October 19<sup>th</sup> at 6pm at the Meriden Town Hall.  
42

43 The meeting adjourned at 9:15pm.

Selectmen present:        Robert Taylor  
                                      Judy Belyea  
                                      Ron Eberhardt

The meeting opened at 6pm.

This meeting was held for the purpose of meeting with representatives of both the Meriden and Plainfield Fire Departments to have a discussion about the project to convert both departments into a single town owned and operated department. The change is requested by the departments and full supported by the Board of Selectmen. Become part of the town organization will eliminate some uncertainty over insurance issues and will give the new department the same benefits and responsibilities that other town departments operate under.

From these discussions the group agreed that an article would be placed on the 2018 warrant asking the town to approve this new arrangement. If the article passes, the new organizational structure would take effect in one year. A second article establishing a capital reserve fund for the new department will also be offered. It was agreed that both fire associations would continue to exist and would continue to provide support to the new department. Any debt owed by each department will have to be settled prior to the transfer. Acquisition of debt by the town requires a separate vote at town meeting.

These discussions will be continued next with the town's finance committee.

The meeting adjourned at 8:00pm.

Robert Taylor, Chair

Stephen Halleran

Judy Belyea

Ron Eberhardt

1 **MINUTES OF THE SELECTMEN'S MEETING**  
2 **Wednesday November 15th 2017**  
3 **Meriden Town Hall**

4  
5 Selectmen present: Robert Taylor  
6 Judy Belyea  
7 Ron Eberhardt  
8

9 The meeting opened at 6pm.

10  
11 **Police:** Sargent Matt Foss met with the Selectmen to go over the Police Department's activities over the  
12 last week. Matt is in charge of the department while the Chief is out on a work related job injury. Matt  
13 noted all shifts have been covered using the town's full time and part time officers. Department activity  
14 has been manageable.

15  
16 **Highway:** The department has an estimated three days left of storm clean up. Winter sand has been hauled  
17 and the plow/sand trucks are ready for winter conditions.

18  
19 **Town Office:** Halleran updated the Selectmen on the status of the 2017 budget. 14% of the budget remains  
20 with 12% of the year to go.

21  
22 The Selectmen discussed a proposal by Casella to extend the curbside collection of garbage and recycling  
23 for five years. The Board was not interested in that long an extension, but is interested in retaining the  
24 curbside collection program going forward. Halleran will schedule a meeting with Casella and the  
25 Selectboard for early December.

26  
27 **Finance Committee:** The Selectmen met with the town's finance committee to go over the current budget  
28 and plans for next year. The change from a private to municipal fire department, converting the library  
29 director to a fully benefited position, the replacement of the Meriden Library building were all discussed as  
30 well as the town's solar tax exemption and the Ready for 100 initiative. The Selectmen will meet next with  
31 the Finance Committee on December 20<sup>th</sup> to go over the first cut of the new budget.

32  
33 The meeting was recessed at 8:15pm until tomorrow evening at 6:30pm at Plainfield Elementary School for  
34 a meeting with the School Board.

35  
36 November 16<sup>th</sup> 2017 6:30pm

37  
38 The Selectboard met with the School Board. Two topics were discussed, the efforts to make Bonner Road  
39 safer for pedestrians and the planning for future capital projects.

40  
41 Concerning Bonner Road the Selectboard has hired our RPC to conduct a study of the roadway and to offer  
42 both short-term and long-term safety improvements. The School Board appreciated this work and was in  
43 full support.

44  
45 Concerning Capital Planning, the Selectboard anticipates the replacement of the Meriden Library in 2019  
46 and the replacement of the highway garage facility sometime in the next ten years. The School Board  
47 noted that their plan calls for renovations to the gym in 2020.

48  
49 The Selectboard meeting adjourned at 7:15pm the School Board continued on with its meeting.

1 **MINUTES OF THE SELECTMEN'S MEETING**  
2 **Wednesday December 6th 2017**  
3 **Meriden Town Hall**

4  
5 Selectmen present: Robert Taylor, Chair  
6 Judy Belyea  
7 Ron Eberhardt  
8

9 The meeting opened at 6pm.

10  
11 **Highway Department:** Road Agent Collins discussed his plans to replace highway truck #8, small pick up,  
12 with an International mid sized dumptruck similar to truck#1. This would be an equipment upgrade, but  
13 Rich feels it would improve department efficiency with salt application. The new truck would have a body  
14 with a built in sander. He is in the process of obtaining quotes. The Selectboard will discuss this at their  
15 December 20<sup>th</sup> meeting with the Finance Committee.

16  
17 **Town Office:** The Selectboard discussed the ongoing efforts over the last seven month to get Thom's  
18 Tavern into compliance with its land use approvals. A parking lot expansion and a pedestrian path to the  
19 front door from Bean Road remain to be completed. The board signed a letter asking Thom to attend the  
20 next meeting to discuss these issues.

21  
22 The Selectmen approved a plan to reduce the town's health insurance buy out program by 25% a year over  
23 the next three years. This change was requested last year by the town's finance committee who feels the  
24 current plan is too generous.

25  
26 The Selectmen signed a letter of commitment to Meriden Solar One LLC. The letter makes it clear that a  
27 PILOT of \$6/ kW/year has been approved by the Board, in lieu of property taxes for the Meriden Village  
28 Water District array.

29  
30 The Selectmen approved a two year extension of the existing garbage recycling contract. Beginning in  
31 early 2018 Friday recycling will be eliminated. Recycling will be picked up the same day as a resident's  
32 trash is collected. Casella and the town are working on a flyer that will be mailed to residents detailing the  
33 changes.

34  
35 The Board reviewed the 2017 warrant. Revised language for the Meriden Library article was discussed.  
36 The Selectmen feel that the article which asks for \$25,000 needs to be more specific as to the purpose of  
37 the funds.

38  
39 Draft one of the 2018 budget shows a 2.4% increase over the 2017 budget. The Selectmen meet with the  
40 finance committee on December 20<sup>th</sup>.

41  
42 Town Administrator Halleran reviewed the Selectboard approved expenditures from various capital reserve  
43 funds that name the Selectmen as agents. After this review the board approved the withdrawal of these  
44 funds from the reserves as outlined below.

	Account
45	
46 <b>Library Reserve Fund-</b> \$337.46	1-6100-178
47 <b>Bridge Fund-</b> \$5,718.96	1-6100-182
48 <b>Town Hall Reserve Fund -</b> \$1,182.04	1-6100-186
49 <b>Transportation Fund-</b> \$55,000.00	1-6100-182
50 <b>Town Facilities fund-</b> \$13,109.70	1-6100-180
51 <b>Police Equipment Fund-</b> \$8,623.07	1-5200-002

52  
53 **Total Withdrawal \$84,971.23**

54  
55 Reacting to a concern expressed to Town Administrator Halleran about people other than town employees  
56 riding in town vehicles the Selectmen made it clear that the policy adopted on December 23, 1987 by the

1 then Board of Selectmen remains in place. That policy makes it clear that only town employees may  
2 operator or ride in town vehicles and equipment.  
3 The only exceptions is when prior approval has been granted by the Board of Selectmen or the Town  
4 Administrator.

5  
6 The Selectmen discussed the sale of the 2011 Police Cruiser. Bids will be opened next Tuesday. The  
7 Selectboard established a minimum bid that will be accepted.

8  
9 The meeting adjourned at 8:30pm
