

Plainfield Pumpkin People Project

In the fall of 2012 three neighbors in East Plainfield began creating “pumpkin people” as something fun to do in the community. Others joined in and the number of pumpkin people on the east side of town quickly grew to thirty one. In the fall of 2013 more than 150 of these funny and entertaining pumpkin people appeared all over town.

A tour of nearly all of the 2013 creations can be found on YouTube; the project has been featured in several local news stories and publications as well.

While many helped get this project started, special thanks are due to John Austin of East Plainfield.
