

Weatherize 2023 Contractor Information

ABC Energy Savings - Bob Eldredge

(603) 344-4540 (voice and text)

Bob@ABCEnergySavings.com

ABC Energy Savings, LLC is an NHSaves Qualified contractor providing Independent Home Energy Audits, unlike the insulation companies just wanting to sell the most profitable measures or someone just wanting to sell you windows. Founded in 2013 by Bob Eldredge (10+ years of experience) and we have worked with 100s of NH homeowners to reduce their energy usage and have a more comfortable home. Recommendations include DIY and additional ways to reduce energy usage beyond weatherization. We have an excellent track history with the previous Weatherize Upper Valley campaigns with many successful projects completed. Work is subcontracted to a very select group of very experienced and knowledgeable weatherization installers and work overseen by ABC Energy Savings. Every project gets a post work quality assurance inspection by ABC Energy Savings. We look forward to working with you.

Building Alternatives Inc. - Bob Tortorice MBA,MGP

603-823-5100

bobt@buildingalternatives.com

www.BuildingAlternatives.com

Building Alternatives Inc has been in the building business for 38 years. As of 2007 we applied and received our BPI certification. Focusing on building and improving the energy efficiency of homes our field of influence expanded while building over 23 EPA certified homes. Having building experience in the building technology of 2x stick built, SIPS, Log/Timber Frame and Modular homes, we are well experience with the energy shell of all types of homes, condos, and apartments. Under contract with the Eversource and NHCOOP utility companies NHSAVES program, as well as Efficiency VT in Northern Kingdom.

Colonial Insulation and Fire Proofing - Chris Stewart

800.947.8870

Anna, Adminstrator - alaunh@colonialinsulation.com

<https://www.colonialgreenproducts.com/>

Colonial Insulation has been serving NH for 15 years. We have 25 employees. We have completed over 10,000 projects. We offer energy audits, spray foam insulation, cellulose and many other products for making homes more energy efficient. Our goal is to define scopes of work and complete projects in a manner so you don't have to worry about it again. We have 8 crews that cover NH, VT, MA & ME. All of our equipment is state of the art and our crew chiefs are trained for years before going out on their own.

Earthshare Construction - Martin Bean

martin@earthshareconstruction.com

www.earthshareconstruction.com

Earthshare Construction LLC is a custom builder and Weatherize contractor serving the greater Upper Valley region of New Hampshire and Vermont. We specialize in high-performance building, merging quality craftsmanship with energy efficiency and sustainability. We offer new construction, remodeling, retrofits, and weatherization.

Quality Insulation of Merideth - William Castnor

603-677-9022

william.castner@truteam.com

<https://www.truteam.com/branches/nh/meredith/663/>

Quality Insulation is a local branch of the nationwide company TruTeam. This gives us the ability to have strong local relationships with a corporate backing. We specialize in insulation and weatherization work with BPI certified auditors and experienced installers.

Yankee Thermal Imaging Inc. - Ted Stiles

603-330-3377

ted.stiles@yti.biz

www.yti.biz

Yankee Thermal Imaging has been helping homeowners improve their home's comfort level and reduce their energy bills and carbon footprint since 2008. We have BPI certified energy auditors and expereinced crews that do insulation and air sealing work in homes throughout New Hampshire and southern Maine. We are approved contractors in the NHSaves and Efficiency Maine rebate programs. Our office staff is ready to assist homeowners with NHSaves applications. We have completed several dozen projects in the upper valley area alone, mostly through a previous weatherization campaign run by Vital Communities, and we are excited to be a part of this one!
